WUKO 1004886 Deep Depth Clinching Pliers

Manual sheet metal bending and forming pliers

OVERVIEW

The WUKO 1004886 Deep Depth Clinching Pliers are designed for sheet metal forming and seaming where additional reach is required. Their straight, deep jaw design helps form lap joints and reach farther into panels, making them useful for roofing transitions, flashing, and detailed fabrication work.

KEY FEATURES

- Deep 3 in seaming depth for extended reach
- Wide 3 1/8 in jaw for consistent pressure
- Straight clinching design for lap joints
- Useful for roof pitch transitions and flashing
- Approx. 11.25 in overall length
- Ideal for roofing, gutter and sheet metal work
