WUKO Rotary Sheet Metal Shears 1250

Manual sheet metal shears

OVERVIEW

Lightweight rotary shears mainly made of aluminum, designed for a working width up to 1.25 m (50 in) while weighing only 35 kg (80 lb).

KEY FEATURES

- Hardened steel cutting wheels for a clean, burr-free cut
- Stainless steel infeed support table with adjustable stop for inserted sheet metal
- Polyurethane segment clamping device for firm fixation of the sheet metal
- Adjustable stop for cutting strips of the same length
- Two carrying handles for easy transport
- Fold-away handle on the cutting slider
- Cutting direction from right or left, to be specified when ordering

The Smartest Shears on the Market!
