WUKO 1004845 Round Nose Pliers

Manual sheet metal bending and forming pliers

OVERVIEW

The WUKO 1004845 Round Nose Pliers are designed for controlled manual shaping of detailed sheet metal components. Their rounded tapered jaws help create smooth curves and localized bends, making them useful for standing seam transitions, detail work, and precision forming tasks.

KEY FEATURES

- Round nose jaws for precision bending
- Approx. 0.187 in jaw width at tip
- Approx. 2.062 in insertion depth
- Approx. 9.75 in overall length
- Jaws without teeth for smooth forming
- Ideal for roofing, gutter and sheet metal work
