WUKO 1004852 Flat Nose Pliers

Manual sheet metal bending and forming pliers

OVERVIEW

The WUKO 1004852 Flat Nose Pliers are designed for controlled manual gripping and forming of detailed sheet metal components. Their flat jaws provide precise contact along small areas of material, making them useful for creating localized bends, adjusting corners, and performing precision forming tasks.

KEY FEATURES

- Flat nose jaws for precision bending
- Approx. 0.5 in jaw width
- Approx. 2.125 in insertion depth
- Approx. 9.875 in overall length
- Jaws with small teeth for maximum grip
- Ideal for roofing, gutter and sheet metal work

TECHNICAL SPECIFICATIONS

MODEL	WUKO 1004852
