WUKO 1004902 Straight Clinching Pliers

Manual sheet metal bending and forming pliers

OVERVIEW

The WUKO 1004902 Straight Clinching Pliers are designed for controlled manual bending and forming of sheet metal edges. Their straight, wide jaws provide a consistent gripping surface for making bends and adjusting fabricated components.

KEY FEATURES

- Straight jaws for controlled sheet metal bending
- 2.375 in wide gripping jaws
- 2.625 in insertion depth
- 3.5 in jaw opening
- 11.25 in overall length
- Suitable for roofing, gutter and fabrication work
