WUKO 1012178 Large Seaming Pliers 45° Bent

Manual sheet metal bending and forming pliers

OVERVIEW

The WUKO 1012178 Large Seaming Pliers 45° Bent are designed for controlled manual forming and seaming of larger sheet metal components. Their angled jaw profile helps reach transitions and mouldings more easily, while the large working width provides strong, even pressure for broad bends and detailed forming work.

KEY FEATURES

- 45-degree bent large seaming pliers
- Approx. 7.875 in jaw width
- Approx. 6.875 in insertion depth
- Approx. 24 in overall length
- Forged construction for mouldings and broad bends
- Ideal for roofing, flashing and sheet metal work
