

# Wuko 4010 Mini Disc-O-Bender

Manual sheet metal hemming tool

## OVERVIEW

The WUKO 4010 Mini Disc-O-Bender starts at 90° and bends up to 180°, creating hems on both inner and outer radii. Side clearance is required to place and remove the tool. It complements WUKO Mini Benders and Uni Benders.

## KEY FEATURES

- Forms hems from 90° to 180°
- Creates hems on inner radii
- Creates hems on outer radii
- Requires side clearance to fit/remove
- For precision manual hemming
- Complements Mini and Uni Benders
