

Wuko 4052 Maxi Hemmer

Manual sheet metal hemming tool

OVERVIEW

The WUKO 4052 Maxi Hemmer makes hems on existing 90° bends in long, straight sheet metal strips. Movable counter rollers allow the tool to be attached or removed anywhere along the workpiece, without free space at the ends.

KEY FEATURES

- Forms hems from existing 90° bends
- For long, straight sheet metal strips
- Insert or remove anywhere along a panel
- Counter rollers move with a handle
- No end clearance required
- Sturdy carrying case included
