

Wuko 9050 Bogie Bender

Manual sheet metal bending and forming tool

OVERVIEW

The WUKO 9050 Bogie Bender is designed for inner and outer curves. Two swivel joints, each with three roller stops, self-adjust to different radii. Integrated locking pins allow quick securing of the roller bodies for straight pieces.

KEY FEATURES

- Bends from 0° to 100°
- For inner and outer curves
- Two self-adjusting swivel joints
- Three roller stops per swivel joint
- Locking pins for straight pieces
- Stable and easy to handle
- Carrying case included
